## OBJECTIVE

---

Full Stack Developer with expertise in MERN, Python, SQL, MongoDB, responsive UI frameworks (Bootstrap, Tailwind, React Native), and REST API development. Strong understanding of backend architecture and deployment workflows. Enhancing algorithmic thinking through DSA in Python. Looking for an opportunity to contribute to real-world products and advance my career in software development.

## EDUCATION

---

### B.Tech in Electronics and Communication Engineering

2021–2025

Sree Venkateswara College of Engineering, Nellore

CGPA: 6.7/10

AP, India

### Intermediate (MPC)

2019–2021

Shree Vasishta Junior College, Nellore

Percentage: 82.5%

AP, India

### SSC

2018–2019

VBR E.M. High School, Nellore

CGPA: 9.2/10

AP, India

## SKILLS

---

### Programming Languages

Python, JavaScript, HTML, CSS

### Frontend Technologies

React.js, React Native, Tailwind CSS, Bootstrap

### Backend Technologies

Node.js, Express.js, REST API Development

### Databases

MongoDB, MySQL

### Developer Tools

Git/GitHub, VS Code, Google Colab, Postman

### Other

DSA (in Python), Basic ML/AI concepts, Deployment (Render)

## PROJECTS

---

- **AMAZON Clone:** Built an Amazon-style e-commerce landing page using HTML and CSS, focusing on responsive layout, product sections, and clean UI design.

Implemented reusable card components, navigation bar, and footer, and deployed the static site on Render. [\(Project Link\)](#)

- **SMART Resume Builder:** Built an AI-powered web app that generates tailored cover letters and resume feedback from job descriptions and current resumes.

Implemented a responsive React UI with Gemini API integration to create professional cover letter content and optimization tips based on user inputs.

[\(Project Link\)](#)

- **Doctor Appointment Booking System:** Built a full-stack MERN web app where patients can browse doctors and book/manage appointments through a responsive, secure UI.

Developed RESTful APIs with Node.js and Express and used MongoDB to store users, doctors, and appointment data. [\(Project Link\)](#)
